me: This is pretty amusing
me: http://www.riehlworldview.com/carnivorous_conservative/2010/09/fox-should-suspend-rove-and-investigate-cornyn-must-resign.html
Clark: OK, I will look in a minute, I am right now writing a couple of revision issues for your latest newsletter version, will e-mail them shortly.
Clark: sent
Clark: Yeah, all this is truly entertaining, the only downside is that we may not be able to read a full and detailed explication of her views if she is not adequately funded--I think this country needs to quit obsessing about the middle east and have a national debate about masturbation.
me: apparently Karl Rove can't be trusted
Clark: the set of assumptions underlying the statement that Fox must now fire him is pretty interesting to think about
Clark: well, ok, she says suspend and investigate, not fire, I guess the poor guy gets due process
me: that's one way of putting it
